

Summer 2

What are we learning in Year 4?

History

In History, we will be answering the question of how we can possibly know so much about the Ancient Greeks who lived over 2500 years ago.

English

In English, we are continuing to practise our grammar and punctuation skills to improve our writing. We will be using Journey by Aaron Becker as inspiration to carefully select interesting vocabulary in our creative writing and diaries.

Maths

In Maths, we are continuing to build on our understanding of fractions and decimals from last term. We will also be calculating with money and measuring time.

Computing

We will be looking at entering information to problem solve.

Science

In science this half term, we are studying States of Matter. We will be exploring how particles behave in solids, liquids and gases.

Design and Technology

We will be using rainforests as inspiration to develop drawings and textile-based techniques to design a repeating pattern suitable for fabric.

PSHE

Growing and Changing is our theme for this half term's PSHE. We will be focusing on growing up and suggesting simple strategies for managing our feelings as we grow.

Religious Education

This term's focus is on why gurus are at the heart of Sikh beliefs and practises.
