

History

In History we are learning about Skipton Castle. We will learn how and why it was built. What materials it was made from and who lived there. We will go on a visit to Skipton Castle.

English

In English this half term we are reading The Magic Finger by Roald Dahl. Some of our writing tasks will include writing character profiles, retelling the story and writing our own variations.

Maths

In Maths we will learn about time before moving on to learn about statistics. We will consolidate our calculations skills and continue to use TT Rockstars and Numbots.

Computing

This half term we are learning about 'Presenting Ideas'. We will explore how a story can be presented in different ways. We will make a quiz about a story or class topic. We will make a fact file on a non-fiction topic.

Science

In Science this half term we are learning about Living things and habitats around the world. We will learn about the impact climate change has on habitats.

Design and Technology

We will design and create a functional Ferris wheel, learn how different components fit together so that the wheel rotates and the structure stands freely.

PSHE

Our theme is growing and changing. We will learn about how to stay healthy, how our bodies change as we grow and how we can keep safe.

Spanish

We will be revisiting numbers and colours.

Religious Education

Our learning question is 'What did Jesus teach and how did he live?' We will focus on stories from the life and teachings of Jesus and to understand how beliefs affect how Christians live their lives.
